

*Our Offer for Chicago Police*

**FREE Consultation, Exam, and X-Rays (\$235 value)**

The FREE exam is a computerized EMG scan which will measure any muscle tension that you may have. It is similar in function to an EKG which measures heart muscle activity. It is totally pain free and non-invasive.

The FREE Exam includes a consultation and complete chiropractic examinations.

The doctor will review your examination and X-Ray results and recommend an appropriate treatment plan.
